Resistant Materials – C
ICT – Level 2 Pass
Ethics – C
German – C
BTEC Level 3 Business – Merit
BTEC Level 3 In Understanding Sport Science – Merit
BTEC Level 3 In Motorsport Vehicle Engineering – Merit

INTERESTS

Motorsport

I have a wealth of knowledge and experience in different disciplines of motorsport. But more recently I have raced in the BRSCC Fiesta Junior Championship, in the Pre-2003 Production Touring Car Championship and Blue Oval Saloon Series. In the past, I have also volunteered as a motorsport marshal, working in various roles. Through this I have gained a greater understanding of the safety aspects required in motorsport and motoring activities.

IT

I am very computer literate, due to my motorsport activities I self-promote through social media and YouTube to raise awareness and my profile. But stepping away from this it's something that I take a keen interest in because, I believe in this day and age it's important to be computer literate, because every task requires the use of a computer in some way.

Social Media/Gaming

Like all teenagers I have a keen interest in gaming and video games, I'm also very interested in social media and using that to keep in touch with friends and promoting my racing and other activities associated with that.
